FEATURED PRODUCTIONS & ORIGINALS

UniFold — Campus Operating System & University Resource Hub (2026 – Present)

Stack: React 19, Vite, Express, SQLite, Tailwind CSS, Multer | Live: uniifold-frontend-mu.vercel.app

- Built campus hub indexing 467+ verified notes and solved question papers across 23 subjects.
- Integrated lightweight SQLite backend with sub-50ms search latency across student queries.

SSA Virsa Website 2.0 — Official Student Association Platform (2026)

Stack: Next.js 14, TypeScript, React, Tailwind CSS, Vercel Edge | Live: virsawebsite2-0-two.vercel.app

- Developed dynamic Next.js 14 platform with SSR, interactive event scheduling, and media showcase.
- Reduced page load times by 55% across mobile devices with 99+ Lighthouse performance.

Erudition Institute — Official Results & Admissions Portal (Khanna, Punjab)

Stack: HTML5, CSS3, JavaScript, Vercel | Live: erudition-pink.vercel.app

- Engineered examination result lookup and admissions inquiry pipeline in Khanna, Punjab.

Smart Timetable — TIET Patiala & GNE Real-Time Schedulers

Stack: JavaScript, HTML5, CSS3, Vercel | Repo: github.com/jasshaannn/Tiet-timetable

- Created pocket schedule scheduler allowing instant batch/branch filtering and lecture tracking.

HONORS & MILESTONES

- 11+ Active Public Repositories: Active open-source development on GitHub (github.com/jasshaannn).
- TIET Engineering Chapter (2026 – Present): Advancing campus ecosystems and distributed architectures.
- Two Years JEE Grind: Built exceptional problem-solving endurance and mathematical rigor.
